Student Alaka'i (PLUS Mentor) Application Form

Let Your Dreams Take Flight
KCC STEM Program

"Kūlia i ka nu'u"

The KCC STEM Program

The goal of the STEM program is to enhance the quality of the science, technology, engineering and mathematics (STEM) instructional and outreach programs at Kapi'olani Community College, as well as to increase the number of STEM students transferring to four-year degree programs as they prepare for careers in the STEM disciplines.

Student Alaka'i

KCC STEM Student Alaka'i are usually more advanced students who have already completed advanced courses in either math, physics, or chemistry. Although student Alaka'i have a lower time requirement than Peer Mentors, they have more responsibilities. Student Alaka'i are assigned to a **specific course**, and it is the job of the Alaka'i to review and re-teach the material for that specific class. Student Alaka'i are expected to work with the course professor in order to focus on key themes and elements.

Benefits

Student Alaka'i are paid **\$1500 a semester** for their services.

Requirements

Students who wish to become Student Alaka'i:

- Must be enrolled in at least **six credits** at Kapi'olani Community College
- Must be a **STEM student**
- Must have achieved a **C or above** in the designated class
- Must be specifically **recommended** by a professor or the STEM team

Responsibilities

Student Alaka'i are expected to:

- Spend **five hrs/week tutoring** students
- Teach **one recitation course per week**
 - Takes approximately one to two hours a week (this estimate does not include preparation time)

*Requirements and responsibilities are subject to change as deemed necessary by the STEM faculty
